2. Subject to the express provisions of this Limited Warranty, BFS warrants to the original purchaser that the Product has been tested as set forth in Section 1 and that the Product will be free from defects in material and workmanship for a period of **10 years** from the date of manufacture. The warranty is limited to the specific threat level specified for the Product; this Limited Warranty does not extend to any threat level above the specified threat level or to any other threat that is not specified in the NIJ Standard 0108.01 and/or UL Standard 752 applicable standard (e.g., explosions, projectiles, etc.) **NO PRODUCT IS BULLET-PROOF.** Even within the specified threat level for the Product, the Product is only bullet-resistant. The Limited Warranty does not apply to any gaps, holes or similar features necessary to install the Product, and will be void if the Product has been modified by anyone other than BFS in any way or subjected to misuse (e.g., chemicals, extreme heat or pressure, punctures, cutting, etc.) A condition precedent to this Limited Warranty is that the Product must be used and maintained strictly according to the Product specifications and other instructions provided by BFS.
3. If a warranty claim is made for a Product, BFS in its sole discretion will determine the warranty claim. If BFS, in its sole discretion, determines that the returned Product does not conform to the Limited Warranty in Section 2, BFS at its sole option may repair or replace the returned Product or issue a refund.
