

AMULET® MA Ballistic Barrier Data Sheet

Product Name:	AMULET® MA (Multi-Attribute)
Product ID:	APT-MA-RIFLE
Ballistic Threat Rating:	NIJ 0108.01 Armor Type I- III RIFLE PROTECTION UL-752 Rating Level 1 – 8
Nominal Thickness:	.65 inch
Average Weight:	11.5 lbs/sq. ft.
Sizes available:	48" x 96"
Structure:	Rigid

Performance Benefits/Features:

- Designed to protect against a full-spectrum of ballistic threats - handgun to rifle fire, including shrapnel from an explosive device
- Mitigates spall and ricochet
- Resists staining from harsh chemicals - easy to clean
- Weather resistant - defends against damaging UV rays/fade resistant
- 20-YEAR WARRANTY against manufacturing defects
- VOC-free

Applications Include: Commercial Fencing, Modular/Architectural Walls, Millwork, Signage
